

Salve Magus Magnus Gregorius scholae Bonisagi of the Covenant Domus Liber,

Let me assure you that when I write from the Covenant Infractus Summus Redivivus that we appreciate your offer of several books and I personally offer my thanks.

We are interested in purchasing those books you have offered us and as a down payment find with this letter four pawns of Herbam, two of Imaginem and two or Corpus, totalling eight for the Summa, The Power of Change. If we could receive this Summa this season, we will be appreciative. You will receive further Vis shortly for Penetrating Magical Defenses, Observations on Muto and Introduction to Penetration.

Additionally what texts do you have in your holdings on Animal and what cost for copies of these texts?

If I may ask, Magus Magnus Gregorius did you author any of the books that we are to purchase? In which fields do you enjoy writing?

Finally, I look forward to visiting your Covenant and perusing your library and can assure you that my Soldades feel likewise.
